# EXECUTE BIG

# EVENT PORTFOLIO

SUMMER 2019

EXECUTEBIG.ORG

# We know what it takes to build a stellar innovation program from ground up.

As high schoolers, we were lucky enough to experience the magic of hackathons. We went on to run our own programs for our communities, build platforms for our schools, blog profusely about our stories, and share similar stories on a national stage.

**We want to work with you to give your students a story of their own to tell.**
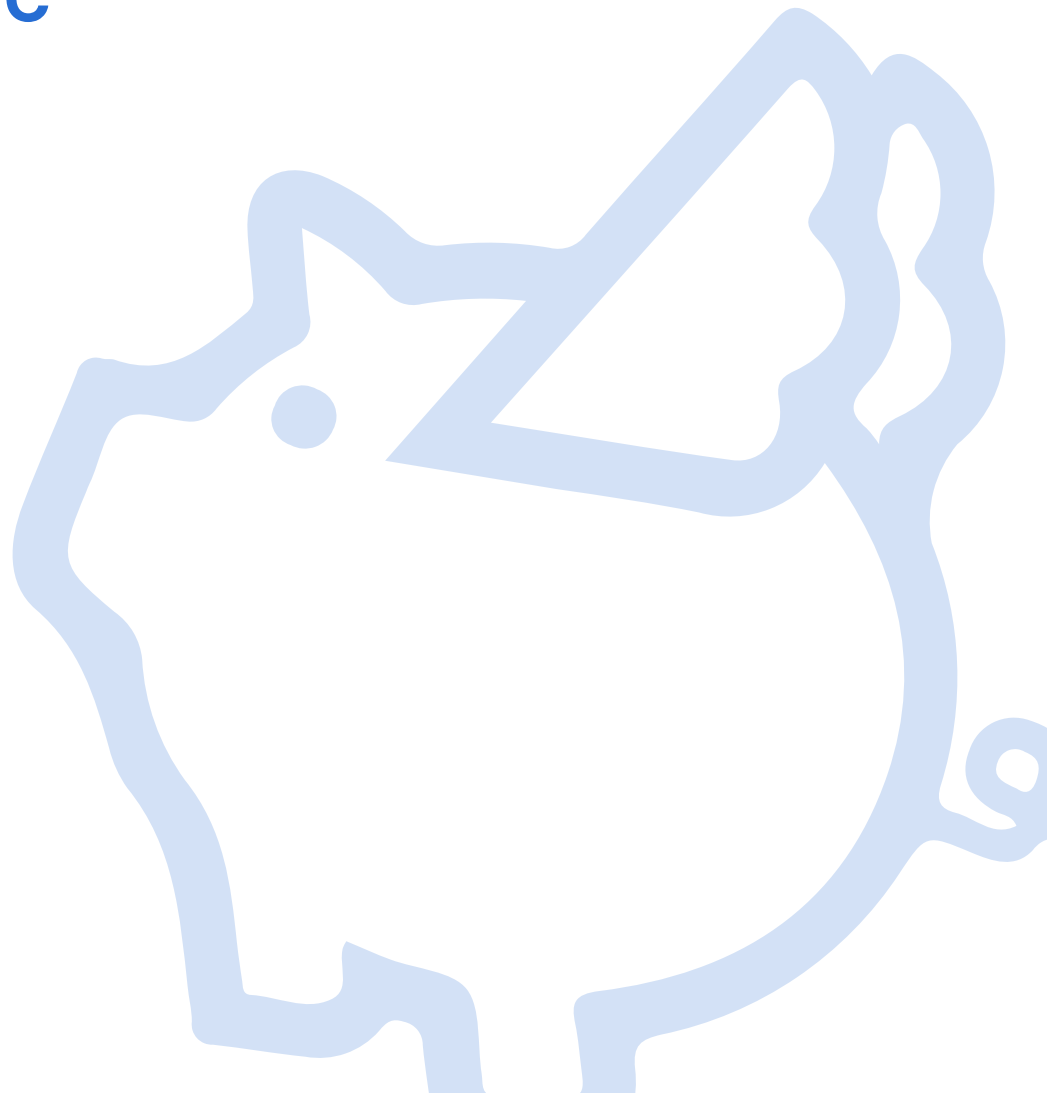

*—Mingjie, Megan & Sean*

# Table of Contents

# Meet the Midwest's largest high school hackathon.

Hack Chicago · Jul 21-22, 2018 · Chicago, IL

"The best part of Hack Chicago was being able to build something produce-able and real."

## 250+
**Attendees**
from 27 states

## $34K
**Total raised**
cash & in-kind

## 52%
**First-time**
hackathon attendees

# A private school's first open innovation program.

**McDonogh Hacks**
Nov 10-11, 2018 · Owings Mills, MD

McDONOGH

> "An innovation and entrepreneurial program designed to bring together teams of students from the Baltimore region to identify and design solutions to human problems."

# 3 times per year.
# 100 students. 24 hours of fun.

## CodeDay DC
### Seasonal · Fairfax, VA & Rockville, MD
Organization Sponsored Event Series

**70%** of our attendees attend without prior coding experience, but **100%** of these beginners submit a project by the end of the event.

"It is the best day I've ever had since... when I was 5. I can't even imagine how these students managed to build such creative programs in just 24 hours. It's just amazing".

Tony Bray, Judge
CodeDay DC Winter 2018
